Professional Summary

UX/UI Designer focused on designing user-centred, research-driven interfaces for web, SaaS, and mobile products, graduating in 2026 as a Digital Designer (UI Option) from the Cité des Métiers et des Compétences (CMC) Tanger-Tétouan-Al Hoceïma. Eager to join a team of experienced designers, contribute what I have built so far, and keep learning and growing alongside them.

Work Experience

UX/UI Designer, Graphic Designer & Brand Designer

August 2026 – Present

Mediassive, Tangier

- Sole in-house designer for the agency, owning the full process end to end: UX problem-solving, UI design, native mobile app design, brand guidelines, and social media content.
- Resolve UX issues and lead the iterative design phase for FinderrLink, working closely with the engineering and development teams to bring designs into production.
- Built the complete FinderrLink brand guidelines and visual identity, and design native mobile app screens and social media content for agency clients.

Freelance UX Research & UI Designer

2025 – Present

Independent, Various Clients

- Partner with clients project by project, turning outdated websites into clean, research-backed interfaces and reusable design systems.
- Led the UX/UI redesign of Aero Staff Campus, an airport-registration platform for a French client, and designed Centre ORL Tanger, a seven-screen booking platform for an ENT clinic.

UX/UI Design Intern

March 2026 (1 Month)

Mediassive, Tangier

- Designed the complete FinderrLink platform across three user roles (freelancer, enterprise, agency); performance during this internship led directly to a full-time offer.

Content Creator & Social Media Manager

2025 – Present

Instagram (@icon_ui.ux)

- Design and publish UX/UI-focused content and self-directed product design explorations (Sura, LUMA, Styla, Aureum, Aetherix, ESIVO) to a growing design-education audience.

Education

Technicien Spécialisé, Digital Design (UI Option)

2024 – 2026

Cité des Métiers et des Compétences (CMC) Tanger-Tétouan-Al Hoceïma

Specialised training in user research, information architecture, and UI principles (Year 1), followed by advanced UX/UI design and end-to-end interface design (Year 2), including class projects spanning SaaS platforms, mobile apps, and web redesigns from research through high-fidelity prototyping.

Baccalauréat Professionnel, Génie Électrique (Electrical Engineering)

2021 – 2022

Lycée Al Khawarizmi, Tangier

Certifications

Agile Project Management (HP LIFE, HP Foundation – January 2026)
