Professional Summary

UX/UI Designer focused on designing user-centred, research-driven interfaces for web, SaaS, and mobile products, graduating in 2026 as a Digital Designer (UI Option) from the Cité des Métiers et des Compétences (CMC) Tanger-Tétouan-Al Hoceïma. Eager to join a team of experienced designers, contribute what I have built so far, and keep learning and growing alongside them.

Work Experience

Freelance UX Research & UI Designer

2025 – Present

Independent, Various Clients

- Partner with clients project by project, applying user-centred design and information architecture principles to turn outdated websites into clean, research-backed interfaces and reusable design systems.
- Led the UX/UI redesign of Aero Staff Campus, an airport-registration platform for a French client, defining user personas and user flows and resolving usability issues ahead of deployment.
- Designed Centre ORL Tanger, a responsive seven-screen booking platform for an ENT clinic, built on a custom atomic design system.

Content Creator & Social Media Manager

2025 – Present

Instagram (@icon_ui.ux)

- Design and publish UX/UI-focused social media content, managing content strategy, posting cadence, and audience growth for a design-education account.
- Develop original concept websites and product design explorations (Sura, LUMA, Styla, Aureum, Aetherix, ESIVO) rooted in narrative-driven visual storytelling, shared publicly to demonstrate design thinking in practice.

UX/UI Design Intern

March 2026 (1 Month)

Mediassive, Tangier

- Created the FinderrLink brand identity and visual design language, including the logo, its presentation, and the narrative behind its concept.
- Designed the complete FinderrLink platform across three user roles (freelancer, enterprise, agency), including dashboards, hiring and company cards, KPI widgets, profile pages, messaging, and a floating AI assistant.
- Adapted the full interface for mobile and shipped production-ready screens for a live SaaS product within a focused one-month sprint.

Selected Projects

ESIVO (web, collaborative) · **Aureum** (web) · **Styla** (mobile app) · **Sura**, **LUMA**, **Aetherix** (landing pages) – self-directed design explorations. Case studies: icon-portfolio-indol.vercel.app.

Education

Technicien Spécialisé, Digital Design (UI Option)

2024 – 2026

Cité des Métiers et des Compétences (CMC) Tanger-Tétouan-Al Hoceïma

Specialised training in user research, information architecture, and UI principles (Year 1), followed by advanced UX/UI design and end-to-end interface design (Year 2), including class projects spanning SaaS platforms, mobile apps, and web redesigns from research through high-fidelity prototyping.

Baccalauréat Professionnel, Génie Électrique (Electrical Engineering)

2021 – 2022

Lycée Al Khawarizmi, Tangier

Certifications

Agile Project Management (HP LIFE, HP Foundation – January 2026)
